Frequency	<i>Doses are calculated at the lowest amount that should work.</i>
1) All Cancer - Continue until cancer is gone plus an additional 4 weeks. Then give 2 x day for 3 months.	
2) Terminal Cancer - Continue for rest of dog's life, which hopefully is a lot more happy, quality time!	
3) Preventative Treatment - give 2 x day for 2 weeks twice a year.	

**In Facebook, type Tagamet in the Facebook search field and click on the 2 bottles. Please read everything in the album pinned to the top of my page and watch the videos.** That album will contain the most up-to-date information as well as how people obtained the meds in other countries. The Posts will contain people's experiences and other pertinent information I have posted.
